11th August, 1936.

Prof. D. Karl Barth,
Bergli-Oberrieden,
Kanton Zürich.

Dear Professor Barth,

I am delighted to receive your letter and to know that there is a possibility of seeing you at the end of August. I have arranged to be at Bâle from Friday afternoon, August 28th, until Monday morning, August 31st. I can be in Zürich for whatever part of this time may be necessary. I am anxious to have a talk with Professor Huber, and I understand that the most convenient arrangement will be that we should meet in Zürich on Saturday morning. If this is the case, I could see you at any time that suits you later in that day. Perhaps the best plan would be if you could get into touch with Professor Huber and arrange times and let me know.

My friend Miss Iredale, who is a member of our Advisory Council, and who has done a great deal to help us in obtaining financial assistance for our work, and who also has an almost unique knowledge of the lay mind, will be travelling with me. If it is agreeable to you, I will ask her to join us in our conversation. *If you would prefer that we should talk alone, however, that would be equally acceptable to me.*

My address from Monday, August 17th will be
c/o Universal Christian Council, Châtelard School, Chamby,
Nr. Montreux.

I am,

Yours very sincerely,

J. H. Oldham
