25th January, 1937

The Rev. Professor Karl Barth, D.D.,
St. Albanring 186,
Basel,
Switzerland.

Dear Professor Barth,

The Editor of "The British Weekly"
asks me to tell you how very glad he is to have
the privilege of printing your second article -
which he feels to be even more apposite than the
first.

It will be printed in two instalments,
the first this week and the second next week, and I
will of course send you copies. Mr. Strathearn
McNab has translated it.

Yours sincerely,
