THE CRASK,

ST ANDREWS,  
1st May, 1937.

Dear Professor Barth,

I suppose you have now received intimation from the Secretary of St Andrews University, that you have been elected an Honorary LL.D. (Legum Doctor), on condition of your coming here to receive the degree at our Quatercentenary Celebrations in September. Allow me to express my great pleasure at this election, and to offer you my hearty congratulations.

You will remember that when you were here in March we spoke of the possibility of your being sent by the University of Basel as a delegate to our Celebrations. An invitation has now been sent to your University to send a delegate to our Celebrations. I suggest that you should speak about this to the Rector of your University, to secure that you should be sent to St Andrews as the delegate. The dates of our Celebrations are 27th - 28th September, 1937.

It will be a great pleasure to see you again in St Andrews.

With kindest regards,

Yours very sincerely,

*D. M. Baillie*
