Dear Mr. Arnold,

Many thanks for your sending my father's Protestant Thought. It is a good book and I hope that it will be recognized and used as such.

I am specifically happy that on the back of the cover that excellent picture of my father is reproduced which I found in my collection. Question: could you cause

the printing or publicity dept. to return the original of that picture to me?

I have no other copy, cannot get one - and it was made on special paper.

Please do whatever you can for the restoration of that piece of property - I fail to have the address of those to whom I might have directly.

With best regards

Yours Markus Barth
