"Barth's most significant contribution to historical theology."--JAROSLAV PELIKAN, from the Introduction

PROTESTANT THOUGHT: From Rousseau to Ritschl

by Karl Barth
premier

The ~~master~~ continental theologian of the 20th century presents ~~the~~ unique history of Protestant theology and philosophy from the middle of the 18th to the middle of the 19th century. Besides making a major contribution to the history of theology, ~~the~~

This brilliant study of Protestant theology and philosophy in the 19th century is both a tremendously perceptive presentation and an important illumination of the premier continental theologian of the 20th century.

Each chapter treats of a major figure, giving a brief biography, a sympathetic treatment of their theological thought, an evaluation of their contribution to and limitations of understanding Christian theology, and ~~the~~ portrays the permanent value each has in religious thinking today. Those considered are:

Rousseau, Lessing, Kant, Herder, Novalis, Hegel, Schleiermacher, Feuerbach, Strauss, Ritschl.

① In the loftiness of his conceptions, the brilliance and range of his ideas and the simplicity of his faith, Karl Barth stands among the great theologians. It is natural then that his ~~the~~ study of the major figures of Protestant theology and of the 19th century would be a ~~major~~ intellectual event. ~~the~~ unique
