

By KARL BARTH.

THE CHRISTIAN LIFE

Translated by J. Strathearn McNab.

1s.6d. net.

This book contains, in the shape of two lectures, a discussion of Barth's ethical position and at the same time forms an elementary introduction to several of his fundamental tenets.

! "We commend this book to the notice of Friends that they may learn what Barth has to teach us, and go further to what he so strangely denies." *The Friend*.
