The attached copy appeared in THE CHRISTIAN of September 17, 1944.

Notices of the publication and receipt of books are printed as soon as possible.

Clippings of book reviews which we print are mailed at the end of the month in which they appear.

### The Real Barth

Deliverance to the Captives. By Karl Barth. Harper & Brothers. 160 pages. \$3.

Nearly every contemporary clergyman and theologian, at once time or another, has wrestled with the theological points of view of Karl Barth. Indeed, many individuals have formulated the foundations of their theological concepts around the thinking of Barth.

In this book, one has the real opportunity to confront the personality of the man, Barth. In these sermons and prayers, delivered for the most part to the inmates of the prison at Basel, Switzerland, the reader is led to the firm conclusion that Barth is strongly and humbly devoted to his Lord.

The reader will be especially impressed by the perceptive quality of Barth in relationship to the prisoners and the evangelical zeal with which he confronts them.—  
RAYMOND MCCALLISTER, JR.
