

Basel, St. Albanring 186, 21th July 1938

Dear Sir!

I thank you for your very kind letter from 19th July. But there must be some misunderstanding. Let me confess, that I quite disagree with the principles and purposes of the "World Congress of Faiths". Therefore I can not see my way, to become a member of the council of this congress. Recognising the well-minded character of your suggestion, my own responsibilities do not allow me to follow.

Yours respectfully
