Prof. Karel Barth,

Dear Sir, It was with much pleasure I received your post card, which I would have received an earlier reply but for the fact that I was away visiting various parts of England & Scotland, in the Lord's work. I am now sending you the book mentioned, if you will do me the honor to read it, I shall be grateful, though I am sure your time must be fully occupied.

Is there any prospect of other of your books being translated into English beside the one I have seen - The Word of God - the Word of Man?

Praying that your labors may
be much blessed & that the truth
may prevail,

Believe me,

Dear Prof. Barth,
Yours respectfully & in
Christ's service

Russell Elliott
