Dear Professor Barth:

I take pleasure in sending you herewith a copy of the special "Barth number" of Zion's Herald. Zion's Herald, which is the independent, progressive weekly of American Methodism, will celebrate the one hundred eleventh anniversary of its founding next January.

I am very deeply interested in your writings, and only wish that I might sometime have the opportunity of taking your course of lectures at Bonn.

I predict that your books within the next few years will exercise a mighty corrective influence here in America.

With kindest regards and best wishes for your work, I am

Very sincerely yours,

Editor
