Dr Karl Barth
Zurich, Switzerland

Dear Sir:

Following the letter which I took the liberty of writing you a few days ago, I take the further liberty of inclosing herewith an extra carbon copy of the little paper of mine which will appear in "Bibliotheca Sacra" (3909 Swiss Avenue, Dallas, Texas) April 1. It is possible that some parts of the manuscript may be of some slight interest to you or to some of your students. A copy of the printed paper will, of course, be mailed to you. In this carbon draft, I have made pencil marks in the right hand margins beside lines that may be worth your attention.

Lamp Monday I was notified that I am to give an address before the Synod of Texas at Kerrville July 31 on "Hitlerism and Christianity." If one of your Swiss or German bookseller acquaintances will be kind enuf to send me a price-list of some of his publications, ^{having on that subject} including your recent series and "Zwisch. d. Zeiten," it is probable that I shall order a considerable amount. And you will confey a great favor, if you hand this to such a bookseller, upon,

Your very respectful admirer, who often feeds
upon good things from your pen,

I am indebted to you
by your followers for the
first page of my article
in the current "Evangelical Quarterly".
