Herrn Professor D. Karl Barth,  
Siebengebirgstr. 18,  
Bonn a Rhein,  
GERMANY.

Dear Professor Barth,

It is exceedingly good of you to remember me and send me copies of the pamphlets you are issuing. I have read these with the greatest interest. I should like however to subscribe to the series and not allow the cost to fall on you. Perhaps you would let me know what I should do about this.

I have been following with the deepest interest the course of events in the Church in Germany and you are much in our thoughts.

With best wishes for you and for your work in this New Year and with the prayer that much may be achieved in the coming months that will be to the glory of God,

I am,

Yours very cordially,

*J. H. Keenan*
